

TASKI

The ULTIMATE
Cleaning Machines

Healthcare
Long term care

TASKI machine solutions to help you deliver a welcoming, safe and infection free environment for your residents.

Brand Protection

You know a clean and hygienic establishment is highly valued by your residents and the public. Creating a safe and hygienic environment is fundamental to protecting your residents' welfare whilst also safeguarding your brand. Transform your cleaning, mechanise more of your floor cleaning, time to throw away the dirty mop!

Resident Experience

First impressions count, so transform the appearance of floors in resident rooms, wards and washrooms. With TASKI, your residents will really notice the difference. Our Li-Ion powered vacuums and ultra-compact scrubber driers save time in resident rooms and bathrooms. That means more time for what really matters, looking after your residents.

Infection Prevention

At TASKI we have a reputation for excelling in both cleaning results and ergonomics. We design our machines to be easy to clean and disinfect. Features such as easy access to recovery tanks, easy to clean yellow maintenance points and tool free accessories all add up to a higher frequency of cleaning and superior hygiene. We are known for our patented squeegees. Cleaner, drier floors = safer floors. All our dry vacuums are available with HEPA filters for superior air quality.

People & Safety

We know you have a duty of care to improve hygiene, air quality and floor safety. At TASKI we pay great attention to ensure our machines are ergonomically designed for the user. Folding and fully adjustable handles or steering wheels mean user comfort is assured. Intuitive dashboard with common icons means little training is needed. Our simple to use machines and on-line training aids makes training new team members easy. Having the best water pick up means less stops, less re-cleans and more importantly less risk of slip falls.

Cost Control

TASKI machines are designed to quickly pay for themselves, we know total cost of ownership is more important to you than simple purchase price. TASKI Solutions make your money work harder, reduce total cost of ownership and deliver great ROI. For complete peace of mind opt for one of our combined finance and service packages for fixed monthly costs from 1 to 5 years. Protect your assets with TASKI Service for reduced downtime, longer working life and improved residual value. Our comprehensive 25 x service checks will ensure your machine fleet is always fit for purpose, ready and safe for use.

Signature products created with you in mind.

Spend less time cleaning and more time caring for your residents.

Mechanise your floor cleaning - time to throw away the mop! Your residents will notice and appreciate the extra safety of clean dry floors. Transform your cleaning for improved productivity & cleaning excellence.
